

My Job ROCKS!

Why Dakota's Job Rocks:

Dakota Aaberg, Certified Nursing Assistant (CNA)

Certified Nursing Assistant Dakota Aaberg has been at Tivoli, Divine Savior Healthcare's Skilled Nursing Facility, for two and half years. She has been with the team since she was able to take clinicals in high school and states that opportunity helped transition her to the full-time position she currently has.

"I knew healthcare was the right career for me when I saw how little actions and care could make a patient's entire day. Small things make a difference!" shares Dakota.

Not only does Dakota appreciate the relationships she has been able to build with residents, but she enjoys the co-workers and friendships over the years. Dakota states, "My co-worker, Robin, has shown so much kindness to me in and out of work. I can always count on her help and her genuine personality."

Dakota highly recommends seeking a career at Divine Savior Healthcare because of the friendly environment, opportunities to expand your career, the knowledge and experience you'll gain from great mentors, and the flexibility offered to continue school while working and around other circumstances that come up.

"I am currently a full-time student at MATC and full-time employee at Tivoli, Divine Savior. The flexibility Tivoli at Divine Savior Healthcare offers with my schooling has been so helpful to help pursue my goal of becoming a Physical Therapist Assistant. Not only do they work with my hours, but the duties I get to do at work aide in my studies. Many days I will get to work with residents in the rehab department doing passive restorative work (working on their range of motion). No one day is the same and it has really helped me expand my skills and knowledge. In addition to working in the Tivoli nursing department as a restorative aide and CNA, I get to fill in for the unit clerk and scheduler."

Being a team member at Tivoli, Dakota likes that her work is still close to home and close to family. She grew up in Endeavor and shares her mom has been her biggest inspiration. "She has taught me how to put care and compassion into work and raised me to develop strong work ethic." She also enjoys that Portage is so close to places like Devils Lake and the Dells.
